Summer camp begins when Boone County Schools end (approximately Monday, May 28th 2018) and commences when Boone County Public Schools begin. Due to state regulated ratios and to ensure continuity in the program, we are only accepting children enrolled in our Summer Camp program during this time. We are unable to accommodate delays in withdraw, early start dates or drop in days.

Field trips are scheduled for Tuesday, Wednesday and Thursday each week; each child will have a specific scheduled day for field trips. We determine groups by age as well as trying to pair friends. Once this day is determined it cannot change due to bus space.

Summer Camp Enrollment:

- Three day minimum (same days each week)
- One week vacation
- Breakfast, lunch and snack included (however there will be times we ask you to pack a lunch for a field trip).

We are looking forward to a fantastic summer with lots of fun and adventure!
